Campbell and San Jose

Feelers Are Put Out For Moreland Annexation

While Campbell and San Jose officials met informally last night to discuss possible annexation of the Moreland School area, no action was taken and some 400 people who packed the Moreland School auditorium were almost unanimous in wanting to remain in unincorporated area. Some choice, if any is to be taken in the future, would be toward Campbell according to expressions from the floor, and from telephone calls to Campbell officials today.

San Jose spokesmen offered a new firehouse and said that Moorpark avenue would be made a six or eight lane highway, in the event of annexation to that metropolis. Mayor Richard Morton of Campbell however said that our expansion is governed a great deal by recommendations of the Board of Underwriters, and regardless of boundaries of any city, when the Board directs a new fire station be provided an area it must be provided in the interest of stabilizing insurance rates.

Robert Thompson of Moreland, acting as moderator at the meeting last night called on Mayor Richard Morton and Councilman John Chargin to present the Campbell bid for annexation, and Pierce Davies, associate planner, in parks department, Fire Chief Lundfford and Police George Cannel to present the San Jose bid.

In the meantime it was pointed out that Moreland Manor, Hollywood Park, Colombo Gardens, Monte Linda embraced by the Moreland School area are not now contiguous to either San Jose or Campbell. Mayor Morton said today that there are but five parcels of land now separating the city limits of Campbell with the proposed annexable area and that this might be possible without strip methods.

Mayor Morton said Campbell was incorporated two and a half years ago to provide better police and fire protection and to be self governing. He said Campbell has the second lowest aggregate tax rate in Santa Clara County, Alviso having the lowest. He said we spend the tax money for good services and that our police department has been commended by the Royal Police Services of Canada and the FBI, and that there is an integrating service relationship between the police and fire departments. Campbell has not gone in

MAYOR RICHARD MORTON
Presents Campbell View

Resolution Before City Council

SIX-LANE WIDTH ON HAMILTON IS ASKED

The widening of Hamilton Avenue to 120 feet as a six lane highway from the San Jose-Los Gatos Road to Winchester Road was recommended again by the Planning Commission in returning the streets and highways resolution back to the City Council on Monday evening. The resolution had been held in abeyance by the planners pending outcome of a report on the traffic survey made earlier in the year.

The commission reported the survey compiled by IBM reveals today that the traffic count in February on Hamilton avenue over a 16 hour period was 3570. Since that date, however, traffic signals were installed on Hamilton avenue. The present right of way is 86 feet, with paving 24 feet in width on the average and setbacks from 40 feet at its narrowest part to 60 feet from the center line at its greatest, according to Mark Thomas, city engineer.

Nestor Barrett, planning consultant said the ultimate development of Campbell from Leigh Avenue to San Tomas Aquino Road will find 42,500 people using a total of 34,000 cars. A full, 6-lane east-west freeway could see as many as 35,000 cars on Hamilton avenue under that development. He said the Division of highways considers a four lane highway is overloaded with a 15,000 count. He said it would be tragic to prepare for less than six lanes with the Route 5 Freeway to be completed within the next five years.

There was some question of bottlenecking west of the San Jose-Los Gatos Road to Meridian, as the county proposes to keep this as an 86 foot right of way. Mayor Richard Morton asked Barrett when to expect this growth and Barrett replied his figures were in the ultimate and that may be reached in five, fifteen, fifty or some other indefinite year.

Councilman John Chargin said that in considering a project such as this we will have to think big for the future. Councilman Charles Rose said the traffic on Hamilton avenue has more than doubled since February as motorists are using it to either enter of cross the two-lane Los Gatos-San Jose Road already carrying a 22,000 daily count of cars.

Councilman James Arends saw the need for future planning and was favorable to accepting the resolution, but action was deferred until the November 22 meeting when Councilman Daum will be present, and a full council vote taken.

The council approved the ordinance annexing the 84-acre Latimer Park subdivision between Latimer and Campbell avenues west from San Tomas Aquino creek which is to become a part of the city within thirty days.

Clearance was given the Chamber of Commerce to go ahead with Christmas decorating on Campbell avenue and portions of Winchester Road and the San Jose-Los Gatos Road, the council allowing $300 to defray costs when it was brought out that this is in the public interest and for public welfare. Council also told Sam Cava, Chamber of Commerce president to go ahead with his brass band and lead from 700 to 800 school children down the avenue to the school where Christmas gifts will be handed out by Santa after dismounting from the red fire engine spearheading the parade on Saturday, December 18th.

Mayor Richard Morton asked that a letter from State Controller Robert Kirkwood accepting the financial report of the City of Campbell for 1953-54 be spread on the minutes and his commendation of William Enochs in preparing the report that in Kirkwood's opinion was one of the best initial reports by a new city which he has ever seen.

Another commendation was directed on the minutes for Police Officer Tom Casey for twice in ten days discovering fires and in arousing sleeping occupants from the impending dangers, also giving by car-radio the alarm. Cooperation of police and fire departments in integrating efforts was also commended by the Mayor.

An ordinance prepared by the committee of Councilmen John Chargin, Charles Rose and James Arends, comparable to one enacted by the City of Santa Paula was tentatively approved and submitted to the city attorney for introduction at the next council meeting. Councilman Rose said his committee is meeting with Stephen Goodwin of Sanitation District No. 4 to set sewerage rates for the 1955 rolls.

Mark Thomas, city engineer submitted a letter regarding policy for drainage of the proposed shopping center at Latimer and Winchester to be similar in effect to those contained in the subdivision ordinance.

"Where it is not practical for a shopping center to connect to a storm sewer there should be a requirement for a cash deposit or a five to ten year bond covering a contribution for future storm sewer construction in the amount of $500 to $750 per acre. $500 in cash would be equivalent to the recent requirements placed on the Latimer Park subdivision, while a five year bond of $750 per acre was required of Shady Acres and Sunberry Gardens subdivisions" the letter stated.

The city attorney was instructed to report on the subdivision map act to see if there was any leverage to impose such action except for subdivision usage.

Police Chief Robert Locke was granted $150 for alcohol tests from the unbudgeted reserve to cover the next eight month period.

LeRoy Black, director of public utilities said a sign would have to be changed at Ridgely Drive if the official map shows it as avenue.

The Studio Bridge Club proposed for Campbell will require a permit fee of $29 per table per year under terms of the card room ordinance, in an opinion by Richard Bonacina, city attorney. Mr. and Mrs. F. W. Volzing of 410 Chapman Drive, applicants, said a business license only was required of a similar club operating at the Hotel Lyndon in Los Gatos, but Bonacina said their ordinances may not be the same as ours.

YOUTH CENTER Operations were discussed last Thursday at Red Coach Inn during a dinner meeting sponsored by the Campbell Police Department, Auxiliary Police and the City Council. Speaker of the evening shown at extreme left in this picture was Judge Edwin Owens of the Santa Clara Superior Court. Others in the picture left to right, rear, are Officer Tom Casey who was commended for his alertness in discovering two fires in ten days, Police Chief Robert Locke, Capt. John Wimbley, Nick DiMuzio, City Councilman Councilman John Chargin, Gil Krug, Murray Martin, Smokey Foster and Police Officer Jerry O'Connell. Not shown in the picture, but who were present were Mayor Richard Morton, Joe Anello, Jerry O'Brien, Perry Hull, Wilfred Hull, Ray Strong and Dal Alford.

Planners Block Spread Westward Of Duplexes

Two applications for rezoning properties on West Campbell avenue for duplex construction, were rejected Thursday by the Planning Commission as strong sentiment against a zoning change was expressed from the floor and in a petition bearing 35 signatures. A. G. Lantz had sought to have his two lots on the corner of Hardy and Campbell avenue zoned for duplexes.

Lantz told the Commission he had bought the lots several years ago expecting to build his own home there, the lots being 105x125 and 95x125 in sizes. He indicated it would be an architecturally desirable for the district.

Warren Unteidt asked for rezoning his lot at the northwest corner of Carlyn and Campbell avenues, feeling there might be a need for good rental properties.

General sentiment expressed was that to open this district up to multiple dwellings would lead to other applications, so vote was unanimous in denying both applications.

The commission approved the zoning as first residential of all property in the Hamilton Square annexation north of Hamilton avenue and east of Central avenue.

Commission also approved application of Jeffries Realty for a variance in setback lines to property at Alice Way and Winchester Road. The California Pacific Title Company is to file a preliminary map with the boundaries commission for annexation of a 13 acre tract near Virginia and Rincon as the land becomes contiguous to city boundaries when annexation of the Baroni & Payne tract of 18 acres is completed, closing the gap between the present city limits and the tract seeking annexation by the Title Company.

Revised plans by Stringfellow Realty Company for a service station at Fewtrell and the Los Gatos-San Jose Road, in which pumps would be set back 53 feet as requested, were approved.

The hearing was continued until December 2nd for the application of the Assembly of God for enlarging their building and providing adequate parking space.

The streets and highway resolution before the Commission was resubmitted to the City Council, repeating the commission's original recommendation that Hamilton avenue be 120 feet in width. The Council had referred it back to the planners until such time as the report was completed on the traffic survey.

Commissioners considered the survey which showed 3900 cars on Hamilton avenue in a 16 hour period in March, but they also considered the substantial traffic flow increased following the installation of traffic signals at the San Jose-Los Gatos road intersection, estimated conservatively at 5000, but said by Commissioner Kenneth Priestly to be double what it was at the time of the survey. Other residents on Hamilton avenue confirmed this. They indicated Hamilton avenue may extend to the Saratoga-Santa Clara Road.

Theodore Solari, vice-chairman presided Monday in the absence of Hollis Logue, president. Other Commissioners present were James Tomlinson, John Kahle, Guy Farley, Homer Hyde and Priestley.

Morning Emergency

Police, Fire Depts. Credited With Life Saving In Fire

Police Officer Thomas Casey was warmly praised by Mr. and Mrs. Philip N. Flagg for his alertness in warning of a $50,000 fire at their Campbell Frozen Food Food Lockers at 10 Lowell Way last Friday morning. Casey saw the flames at about four o'clock in the morning and beat on the door until he aroused the Flaggs who were asleep in the apartment upstairs.

Mrs. Flagg said that both she and her husband had been overcome by the smoke. The fire is believed to have broken out in the processing room at the rear of the plant.

Flagg tried to save his clothing but on reaching into the closet, the wall which had burned through from the outside, fell in. Mrs. Flagg lost her purse on a bedside table but $60 which was rolled up inside it was saved.

Both Mr. and Mrs. Flagg praised Fire Chief Jack Scott and Firemen William H. Morgan and Bruce Gammon along with 18 volunteer firemen for their quick response and for bringing the blaze under control within half an hour.

Mr. and Mrs. Flagg wish also to extend their gratitude to the many individuals who called in with offers of assistance, housing and clothing. "I didn't know we had so many friends," said Mrs. Flagg.

The meat packing plant and two rooms of the apartment were severely damaged. Smoke and water damage in the remainder of the locker and in the front rooms of the apartment was extensive.

Most of the damage to the meat plant resulted from water poured on the fire which seeped into and saturated the insulation of the freezing compartment under the floor. As a result the freezing unit cannot be turned on.

Food has been transferred to a San Jose locker plant, and patrons will be advised as soon as possible when and where their locker contents can be obtained.

At Police Auxiliary Dinner

YOUTH RECREATION CENTER IN CAMPBELL IS PROPOSED

Under the chairmanship of Nick DiMuzio, the Campbell Police Auxiliary met at the Red Coach Inn last Thursday night, to discuss the possibility of establishing a youth recreation center in the Campbell area.

Guest speaker for the evening was Judge Edwin Owens, of the Juvenile Court, and member of the board of directors of the Wutzit Club. After being introduced by Tom Casey, of the Campbell Police Department; Judge Owens began by comparing today's youth with that of the years when he was a boy. "We had tough kids those days, but they fought with sticks and stones in their gang fights, today they use knives."

"There are two schools of thought in the delinquency problem today", the Judge said, "the first, that "Youth is going to the Dogs, the others that Youth is no different today than years ago."

The Judge emphasized the fact that the need of youth work is becoming more important each year, due to the fact that today the average age of inmates of the prisons, sentenced for serious crimes is 25 years, where not too many years ago the average age was 40. The majority of serious crimes are committed by men under 21, and there are more nineteen year olds than of any other age, the Judge went on to say.

Judge Owens outlined the operations of the Wutzit Club, which is a youth center in Santa Clara. It has a membership of 2000 and require as many as 20 different types of activities to occupy the boys and girls.

Of the many problems confronting the sponsoring of a youth center, the Judge said two were uppermost; financing and appointing the right leader. He said, "You can build a beautiful building and have the latest in equipment, but if the person leading members isn't able to interest the youth, it will be a flop."

Judge Owens praised the work of Father Walter Schmidt at the Santa Clara Club. He said the yearly budget of the Wutzit Club was about $16,000 derived from two main sources, the community chest and a membership fee of 50 cents every three months paid by membership.

In closing Judge Owens told the group that Campbell would benefit tremendously, and that the service organizations should be asked to help in any way possible, as the job is a big one.

$90,000 PLEDGED TO LOCAL CHURCH BUILDING FUND

Dr. Wyland Morgan, general chairman of the Congregational Church Building Fund Canvass, announced at Church last Sunday that approximately $90,000 has been pledged to the New Church Building Fund in addition to a substantial increase for the 1955 church budget.

According to Dr. Morgan, this gives assurance of the Church's ability to proceed with construction in due course of time. The date of beginning construction still depends upon many factors such as payment of pledges, completion of working drawings, and the sale of the present church property.

Dr. Morgan expressed thanks on behalf of himself and the Church to all who have cooperated to make this canvass a success.

It was also announced there would be a postponement in the reception of new members from November 14 to November 21, and all desiring to join should contact Reverend Olds.

SCHOOLS TO LINE UP FOR BICYCLE LICENSES HERE

The licensing of bicycles, now a city ordinance in Campbell, will begin at the Police Station Saturday afternoon from 12:00 to 3:00 p. m., with the students of the Rosemary School as the first in line. According to Police Chief Robert Locke, licensing will be done by schools to avoid confusion, with a different school each Saturday afternoon.

Each student must bring his bicycle to the station where an application for license will be made on forms provided by the city. Upon payment of a one dollar fee he will be issued a license plate by the Police Department which they will attach securely to his bicycle.

Radioactive elements are distributed in minute tracer quantities through the earth's crust.

PERCY MAYER TO SPEAK AT C of C MEET WEDNESDAY

Percy Mayer, field representative for the San Francisco Chamber of Commerce is to be the speaker at the monthly meeting of the Campbell Chamber of Commerce next Wednesday noon in the I. O. O. F. building here, it was announced today by Sam Cava, president.

Mayer is to tell of effective ways for building interest in a chamber of commerce by relating some of the accomplishments by following an orderly program. An institution set up for the betterment of the community, the Chamber of Commerce is concerned with civic progress and enterprise.

Reservations for the luncheon meeting, open to members and friends may be had by phoning the Chamber of Commerce office, 1 to 5 daily at FR 8-3582. Cava said there is to be no regular meeting in December due to Christmas plans, but that at the January meeting Russell Pettit of the San Jose Chamber is to be the speaker.

TOLL OPERATOR IS GIVEN SERVICE PIN

Mrs. Lucile I. Curtis, San Jose toll operator for Pacific Telephone, was awarded her 10-year pin last Friday, November 5.

L. M. Dodd, District Traffic Superintendent, presented her the gold pin at the Telephone Company's toll operating building, 80 South Market Street, San Jose.

Mrs. Curtis lives at 50 Cypress Avenue, Los Gatos.

$8,486 Collected For Service Fund

In a meeting Monday night, chairmen of the Campbell Area Service Fund reviewed records of last year's drive and decided to form a telephone committee to contact those persons who have been missed by the present fund drive.

On the last county Wednesday, $8,486.73 had been collected of the $19,600 goal, with money still coming in slowly. Every dollar collected by the Campbell Area Service Fund will be matched by 20% by the United Givers Drive. Thus for every dollar collected in Campbell the United Givers will add 20c to the fund. Anyone wishing to contribute may send it to Campbell Area Service Fund, Box 756, Campbell.

Rotarians Told Street Signs Are All Installed

Members of the Campbell Rotary Club assembled at the Villa Felice for dinner Monday evening with thirty persons attending. A short business meeting was called by Les Harmon, president, who reported that the last of the Street signs had been installed. Merv. Willoughby reported on progress made in the building of the Little League Baseball Field being constructed on the Rosemary School grounds. The rest of the evening was given over to a social get-to-gether by members.

KIWANIS QUARTET from Campbell has already gained recognition throughout California and Nevada and are in great demand for appearances. They were featured at the University of Nevada in Reno during the Kiwanis convention and at Santa Monica. This picture was taken last week while appearing before the joint meeting of the Kingsburg and Campbell Kiwanis Clubs at the Grammar School cafetorium. Left to right, they are Howard Guilbert, second tenor; Lloyd Nelson, first tenor, former soloist with the Fred Waring orchestra; Rev. Herbert Neale, baritone, and C. P. Klassen, bass.

EDITORIAL

FIREMEN ALERTED!

An excellent example of coordinated effort was given by the police and fire departments of Campbell in bringing under control the blaze which swept the Campbell Frozen Food Lockers early one morning last week. The alertness of Police Officer Casey in arousing those who were asleep in the burning structure then calling the fire department is deserving of special recognition.

The work of the volunteer firemen was also very important—and that of the police auxiliary. All these men are proud of their organizations, and they give many hours of time preparing themselves to render this public service without remuneration. Without this training, the fire loss may have increased. Their alertness to the call of duty is something we may all appreciate.

YOU'VE GOT TO THINK BIG TODAY

Just how potentially important Hamilton Avenue might be in the future is a muted question in the order of planning today, but the City Council and the Planning Commission seem to be in accord that it is destined to become one of the important east-west laterals of the Santa Clara Valley.

The state has a more conservative estimate based on traffic surveys made several months ago, but the state yardstick in estimating traffic capacities for the future is a flexible one and none too practical when applied to the rapidly developing areas of Santa Clara, San Mateo, Alameda and Contra Costa Counties. The state, however, cannot be too severely censored for this, as the increase in the number of cars, the number of new home-owners, the direction of road usage has become almost unpredictable.

Councilman John Chargin, who formerly was chairman of the Planning Commission, just about hit the nail on the head when he said at the council meeting Monday, that we have to think big when we consider the future of Hamilton Avenue and of the Campbell area in general, for there is no given scale to go by except the desire of a lot of people to come into this area because it is a good place to live.

New subdivisions to be started west of what is now Campbell will feed to the Route 5 Freeway on Hamilton Avenue. Already an 84-acre tract has been annexed which will eventually add 500 new homes in the city. There is responsible talk of even greater expansion to the west. Nestor Barrett, planning consultant, sees a usage of 34,000 cars in Campbell when its potential is fully developed, a figure which is about four times the estimate set up by the state for the Hamilton Avenue potential. Since the traffic signals have been installed at the San Jose-Los Gatos intersection, traffic on Hamilton avenue has more than doubled within six months.

You've got to think big when you think of the future of Campbell.

ADVERTISING NECESSARY

For years advertising men have cited the Readers Digest as the only publication which ever made a success without paid advertising. But now even this publication finds it necessary to change its policy. After 33 years of no advertising, the Readers Digest Magazine will have ads for the first time in its history next April. Liquor, tobacco and medical-remedy ads will not be accepted. To run a full-page ad will cost $26,500. But even that is quite a reasonable figure for above ten million circulation. With any magazine or newspaper advertising just figure out what it would cost to send an ad individually to the number of readers of the publication and you'll see it is relatively inexpensive.

GAME CHANGED

Elroy Hirsh, better known to football fans as "Crazylegs," has announced that he will quit professional football after this season. Whether he actually will or not, remains to be seen. But there is reason to believe that he means it. And the reason as stated by him makes an interesting commentary on present day pro football. "Pro football has changed in the last season or two," he says. "There is a tremendous pressure to win—or else. It used to be that you played like the dickens only in the 12 league games. But now the pressure is on to win the exhibition games also." The star end of the Los Angeles Rams points out that a good pre-season showing is necessary for the season ticket sale. He also speaks of the rough stuff and the efforts on the part of some teams to "get" certain star players. Professional football is a business, but when the desire to win is carried to the extremes, it is now being subjected to, it's about time that the owners and coaches took stock of the situation and got it back on a reasonable basis. Unless this is done, pro football may eventually kill itself off, for at times the actions on the field are little short of mayhem and this sort of thing could well bring public revulsion. Hard, clean play is one thing, foul play is something else.

A VOICE IN THE WILDERNESS

There are times when our senses are offended by some little thing which to most may pass unobserved. A case in point is a story which appears elsewhere in this newspaper. It tells about a small businessman who just paid a fine for not making a report to the effect that he was no longer employing any help, therefore didn't have any tax report to make.

Being a businessman these days is sometimes a pretty rough job, with the added responsibility of keeping track of employees' earnings—a task which consumes no little bookkeeping time (and money—for time is money in business.) It means also that in order to keep track of taxable earnings, more careful bookkeeping practices must be instituted. If you make an error, the government is on your neck, with fines and penalties to boot. Sometimes we see red when an item such as this comes to our attention, because we've been through the mill too, as have nearly all businesses, both small and large.

NOW LET'S DO A GOOD JOB

The Campbell Gambol

SANTA WILL RIDE on the new, red fire truck in the Christmas parade as it moves down Campbell avenue on Saturday afternoon, December 18 rounding off at Third street and the Campbell Grammar school according to plans of the Campbell Chamber of Commerce, a brass band going along like pied pipers ahead of some 800 school children headed for Christmas remembrances from the Chamber of Commerce . . . scroll ornaments on some 68 poles along Campbell avenue, Winchester Road and the San Jose-Los Gatos road may herald a new Christmas spirit and dress up the business district in keeping with what other progressive cities are doing.

JUDGE John D. Blaine is 80, a cyclist and a tennis player of the old school who would put many a young man to test to keep up with his activities . . . he cycles five to ten miles daily and sometimes 35 miles a day, except on Saturday when he takes to the tennis courts at Campbell high school . . . came to Campbell in 1887 at age of 13, entered the grocery business and later became judge in Campbell township for six terms from 1927 to 1951 . . . says he never tires, napping when he feels like it and often staying up until three in the morning . . . has a good constitution, and as for diet Judge Blaine makes his own Yogurt, eats liver every day which is his only meat, and uses soy bean bread and a daily raw vegetable.

THE BIKE ORDINANCE Is now in effect and already bicycle owners living in Campbell are bringing vehicles to the city hall to be registered as provided for by terms of the ordinance, but now and then some one from out of town brings in a bicycle to be registered, feeling this is good insurance against it being stolen according to Police Chief Robert Locke . . . next thing we are to have is a firearms ordinance to determine who can and can not have arms, and whether air guns are to be allowed—some of the councilmen recall having used airguns as boys going about the orchards and had a lot of fun with them, but now days the orchards are diminishing and there are not many rabbits and other small game to shoot at. . . Chief Locke says guns are taken away from boys sometimes and not returned until an essay is written on gun safety and brought to the station with the boy's parents, which usually is a good lesson to all.

HEARING AID LOST

A hearing aid was lost or stolen from a car in Campbell last Thursday, according to Tony SanFilippo of 374 Willow Street in San Jose. While it cost him $200, it is useless to any one else and can't be sold as it is registered. Tony says it is one of his most valuable possessions, and if returned, no questions will be asked.

TRAINING PROGRAM FOR THE BLIND AT CAMPBELL UNION HIGH SCHOOL IS ONE OF ONLY THREE IN STATE

by Bob Olson

Only three high schools in the whole state of California have a program to aid visually handicapped students, with trained instructors. Fred Sinclair directs the Campbell High blind program.

Classroom 63 is full of different equipment and the same books in new forms; it is a laboratory as well as a help room where the visual gap of the printed page is spanned by many methods. Shelves are lined with braille counterparts of familiar texts. Spanish is taught by means of a phonograph record. A tape recorder is available to check day by day progress. When students are to take examinations in their regular classes he may transcribe the notes into braille or have a study hall volunteer read questions to the blind student.

There are five facts about the program: (1) Partially blind students are not treated in a manner differing from that given any other high school boy or girl. (2) Sinclair has a host of teaching aids all of which he uses every school day and all of which help blind students "see" in every sense of the word. (3) These students read material from the same books, work under the same curriculum, take the same tests, and enjoy most of the same benefits as any of the other 2000 students at Campbell High School. (4) Sinclair's room at the high school serves as training ground for many San Jose State College students who are swelling the ranks of special education, a fast-growing new field. (5) Visually handicapped boys and girls are as hard-working, ambitious, and full of plans for the future as any young people.

Handicapped people need to be accepted. It is policy in Santa Clara County to give people in special education all the help needed but not in a segregated state. They receive this aid in the regular school environment. Take Perry Wood, for example. As a sophomore, he attends five classes a day as all CUHS sophomores do under the same curriculum and the same instructors. He reads Spanish aloud just as other students do. He reads the same Mexican story even though his version is in braille. In class he operates a braille writer which helps him take notes. Out of class he transcribes his notes by typewriter just as many college-prep students do; Perry also answers test questions by typewriter.

Perry participates in out-of-class activities with enthusiasm. A member of the Utility Commission, Wood helps Mr. Stephens set up the public address system and is adept at using all other sound equipment. He is an expert with tape recorders. Perry has an ambition to work in radio and electronics.

The large print books and the large typewriter helps transform meaningless board work into phrases for a partially blind student like Randall Nutting who is working on his life science assignment for Mr. Runcie. A 33 1/3 RPM "talking book" is here on loan from the Washington Library of Congress. Mr. Sinclair operates the braille-writer. He learned to read and write braille in one Summer at the University of California at Berkeley.

A San Jose State College student doing her practical field work at Campbell High is Esther Nakatani. She helps other students translate Spanish into English or vice versa. Sinclair gets twelve college students a year; they help him while he trains them for periods of four to six weeks.

The Blind Program in Campbell was first started in 1951 by Mrs. Florence Gilmore at the Grammar School. The high school inaugurated the program last year so that the students who started this work across the street would be able to continue with it. Mr. Sinclair works half day in both buildings. A U. C. graduate, Fred Sinclair was a Speech-Radio-Drama major at Berkeley and then got into speech correction and special education work as a graduate student at San Francisco State College. This type of program is only eight or ten years old. Only high schools in Long Beach and Los Angeles offer similar services. Sinclair is fond of students of all abilities.

"To me they're all students eager to learn what I'm eager to teach," he said today. "The joys to be derived from real service are indescribable. I like working with all individuals; after all, kids are kids."

For relaxation, Sinclair makes good use of his Spanish minor. He spent one month last Summer visiting Acapulco, the Laguna of Mexico, Tosca, the Carmel of Mexico, and the beautiful new university of Mexico City. He is a bachelor.

UNESCO Topic At Hamilton School Of Paradiso PTA

UNESO was the subject of an audience participation program given by El Paradiso Council, P. T. A., Monday evening at Hamilton Grammar School. Mrs. Richard O'Flyngg, president of Council, pointed out to Council officers and unit presidents that this method of presenting material might be used within the local units.

Mrs. Vince Garrod, vice presidentand chairman of El Paradiso Council, presided over the UNESCO portion of the program, which showed the growth and development of that organization. Members of the audience represented various nations and points of view.

Mrs. Lionel Peabody of Belmont, chairman of the cultural division of the Peninsula Committee for UNESCO and a member of the Speakers Bureau of the American Association for the United Nations, was the chief speaker on international affairs and the United Nations.

Fr. Thomas Ahern Tells St. Lucy's Church Vestment

An informative talk on Church Vestments was given by Father Ahern when members of St. Lucy's Womens Club met last Thursday for their regular monthly meeting at St. Lucy's Parish School.

Mrs. Richard Bowen presided over the business meeting in which Mrs. Antone Ferro reported on the large number of cancer pads being sent to the hospital for incurable patients operated by the Antoine Nuns; and a resume of a successful rummage sale was given by Mrs. Felice Rabba and Mrs. Louis DeRose, co-chairmen.

Following the business meeting, refreshments of pumpkin pie and coffee were served by the hostesses of the day, Mesdames Richard Pimentel, Joseph Gomez, Manuel Costa and H. A. Weitzel.

Girl Scouts Will See Craft Work

Ideas for troop craft work will be featured at the Girl Scout Leader's Club meeting Wednesday, November 17, at 7:30 p. m., at Herbert Hoover Junior High School. All troop leaders are invited and asked to bring an example of troop work and a brief description of materials and sources on a card. The program will also include songs, games, ceremonies, and reports from the regional conference at Asilomar.

There will be a collection to cover cost of refreshments which will be provided by the Lincoln area leaders. Reservations should be made through neighborhood chairmen or directly to Mrs. Paul Roberts, FR 8-2095.

Christmas Party Plans Completed

Plans for the community Christmas party will be discussed when Milton Parker, president of the San Tomas Improvement Club, calls the meeting to order tonight, at 8:00 p. m., in the rumpus room of the Smith home at 521 San Tomas Road. The Christmas party is an annual event for children and adults of the community.

Following a brief business meeting, the rest of the evening will be devoted to social games. Refreshments wil lbe served at the close of the meeting.

New Hand Craft Ideas Explained Campfire Leaders

New ideas in hand crafts for girls was the theme of a large and enthusiastic meeting of area Camp Fire Girl Leaders on the morning of November 4, at the spacious home of Mrs. Norma Creighton on Hacienda Avenue. Under the supervision of Mrs. Bea Jauncey, district Camp Fire Chairman; Mrs. Genie Smith, training chairman; and Mrs. Ruth Williamson, civic service chairman, plans were discussed and a work shop conducted in crafts and Christmas service projects.

At noon, coffee and cake was served by San Tomas leaders before a discussion of group problems.

Leaders of Camp Fire and Blue Bird groups from the following schools were present: El Quito Park, Helen McLeod, Helen Archibald; Moreland, Mary Ballentyne, Leatrice Perriandri, Phyliss Oliver, Ruth Laking, Jaunice Boren, Laura Neale; Campbell, Jeanette Nelson, Betty Voytek; Cherry Lane, Kathryn Nevin; Hamilton, Virginia Means, Josephine Duncan; Rosemary, Laura Garcia, Nettie Rappe, Marilyn Gebetsberger; Kirk, Lois Krichner, Carrie Vaughn; Moorpark, Benita Wilcox, Bea Jauncey; San Tomas, Beverly Gardner; Campbell High Horizon Clubs, Genie Smith, Nettie Rappe; Collins School, Cupertino, Dorothy Ricca, Ethel Hart, Laura Teivera; Lincoln School, Cupertino, Coence Coppedge.

Out of town guests who helped with the program were Mrs. Gladys Von Felt, training chairman from Los Gatos, and Miss Barbara Lindfors, new Camp Fire Field Director, from San Jose.

Country Store Is Theme For Annual Bazaar

The Annual Bazaar of the Congregational Church will be held Friday, November 12, with the doors to open from 10:00 a. m. until evening. The theme this year will be "Country Store."

A lunch of "Heavenly Hashburgers", salads, pies and cakes, will be served from 12:00 to 2:00 p. m. by the Isabelle Circle. Tea will be served from 3:00 to 5:00 p. m. by the Friendly Circle. Members of the Choir will specialize in a candy booth and the Pilgrim Fellowship Group will operate a variety of games in the basement.

The emphasis of the bazaar is on home cooked take-home foods and hand made articles suitable for Christmas gifts.

Proceeds will go to the New Church Building Fund.

Netops Fashion Show Tomorrow

Fashions by Audrey's Dress Shop of San Jose will be modeled by members of Netops Council No. 247, Degree of Pocahontas, Friday November 12, at 8:00 p. m., in I. O. O. F. Hall, Campbell. Proceeds of the ticket sale will be used to further the organization's work in veteran and child welfare.

Entertainment, door prizes and refreshments will be offered.

General Chairman is Mrs. George Reynolds. Miss Audrey Jones, proprietor of the dress shop, will be the commentator.

Miss Gilpatrick Is New President San Tomas 4Hers

Marilyn Gilpatrick was elected president when members of San Tomas 4H Club held their last meeting November first. Other officers elected are Terry Gamble, vice-president; Glenda Curtis, secretary; Melody Saube, treasurer; Marcia Slauter, club reporter; and Linda Curtis, sergeant of arms.

Marcia Slauter, out-going president, was presented a scrapbook of the past year's events by Marilyn Gilpatrick, out-going reporter.

At the October meeting Melody Saube was initiated into the club and members decided to hold a membership drive.

Iris Society To See Arranger In Act Wednesday

Mrs. Charles E. Edwards, garden consultant and flower arranger of California Garden Club, Incorporated, will be guest demonstrator for the California State Iris Society which will meet next Wednesday, November 17, at 2:00 p. m., in Friendship Room of the Pioneer Investors Building, located on the corner of Lincoln and Brace in Willow Glen. Mrs. Dorathea Warner, president, will conduct the meeting.

Members having rummage are asked to contact Mrs. John Jensen, chairman, at Cl 8-4731 for pickup. The Rummage sale will be held Monday, November 22, at 43 South Third Street.

Quito PTA Plans Festive Fancies

"Fixing Festive Fancies" will be the theme used by Mrs. Allan Mundwyler at the next meeting of the Quito P. T. A., Tuesday, November 16, at 2:00 p. m. in the school cafetorium. Mrs. Mundwyler will present a program demonstrating fancy gift wrapping and toys that can be made at home. Printed directions for four different toys, one a hobby horse, will be available at the meeting for those interested.

Mrs. Doug Tennison, librarian, has set up a nice selection of books and pamphlets which she feels will interest a great many parents.

Hostesses will be Mrs. Esther Craig's fifth grade mothers.

Noontime Activities Introduce New Game

The noontime activities club introduced a new game Tuesday at the High school called Box Hockey, which is played in a wooden box about four by eight feet. The box is divided in the middle and the board has two holes in it. The end boards have one hole and the object of the game is to put the ball through the holes. Each goal is worth one point. In order to win you must have two out of three points. The game is played with two hockey sticks. Anything is legal in the game and the students really seem to enjoy it.

Campbell Couple Return From A 5000 Mile Trip

Mr. and Mrs. J. W. Knowles, of 140 W. Rincon Avenue, returned Sunday after a three month tour of Canada and the United States.

The Knowles left Campbell the first part of August, traveling north to Victoria, B. C., Lake Louise, Edmonton then into Montana and across the United States by the northern route visiting Niagara Falls before going as far northeast as Maine. From there they went on to Boston, New York and Washington before turning back toward home through the Southern States. They toured twenty-four states visiting many of the National Parks and important points of interest and beauty in America.

The two highlights of the trip were the beautiful autumn-colored trees in New England and a visit with their son, Pvt. F. C. Dan Knowles of the U. S. Army. Dan joined his parents in Boston and traveled with them to New York before leaving them for Camp Kilner, where he is stationed before his departure to Europe. Here they came through the experiences of the Hurricane Hazel in New Jersey with out ill effects.

Mr. Knowles, whose hobby is photography, has taken over 500 colored slides of all the beautiful places along the way, which he intends to share with friends. Despite all her travels, Mrs. Knowles says there still is no place like home in the Santa Clara Valley.

Jack Alston Art On Exhibit Here

This month's art showing at the Campbell Stationery features a one-man exhibit by J "Jack" R. Alston, member of the Los Gatos Art Association. Mr. Alston is a long-time resident of this area, and is a self-taught artist who has achieved recognition in the west as one of the top painters. His oils and water colors win high honors wherever shown.

Featured in the showing are oils of a typical Santa Clara Valley orchard scene; a leaf-strewn wooded path in autumn, and three coastal scenes, for which he is famous. The public is invited to view this showing during the month of November.

Mr. Alston has been ailing for some month, and is now recuperating from a siege which kept him hospitalized for some time.

Picture Matting Is Cambrian Topic

At the meeting yesterday of the Cambrian Home Extension club at the Cambrian Youth Center, picture matting was the topic and the project leaders were Mrs. M. E. Carlson and Mrs. Carroll Fay.

At the October 27 meeting the topic concerned new food preparation and the project leaders were Mrs. Fred Starbuck and Mrs. B. A. Bowling, with Mrs. Paul Kersey as refreshment chairman and Mrs. John Henzie co-chairman.

New Doctor In Cambrian Village

Dr. Leland F. Studebaker has just opened a new office in the new Cambrian Village Medical Building located at the junction of Los Gatos Highway and Union Avenue next to James Nursery.

He is a graduate of Stanford Medical School and served four years in the Army Medical Corps during World War II, the final year of which he was on the staff of Newton Baker General Hospital near Washington, D. C. Since the War, he has practiced in southern California.

A semaphore atop Telegraph Hill in San Francisco was used in early days to announce the approach of ships through the Golden Gate.

SANTA CLARA CARD PARTY—Second annual Whist Card Party will be held by St. Justin's Church of Santa Clara on Friday November 12, at 8:00 p. m., in the lower basement of St. Clare's Church in Santa Clara. Proceeds will go to the St. Justin Church building fund.

Among prizes offered are a 15 pound turkey, fancy needle work, set of dishes, case of beer, two large camelia plants, lamps and numerous other articles.

Cambrian Comedy Capers On Tonight At Campbell High

Henry Banderob has completed the scheduling of performers for the Cambrian School Men's Club's fall show, "Cambrian Comedy Capers" this Saturday at 8:00 P. M. at the Campbell High School Auditorium. All proceeds will be directed towards extension of youth activities.

The show will consist of the following acts: the Glamorettes; the Jumping Jacks, consisting of eight performers who won all contests at this year's County Fair with acrobatics and trampoline acts; Dancer Alyce Sommers; Singer Elaine Grizlo, a graduate of Cambrian School; Comedienne Anne Leal, the di Leonardos, a dancing troupe; and the Radonnas, a comedy act.

During the day, teachers of Cambrian School will supervise the sale of tickets by children in booths set up at the Campbell Hardware Store and at Mac's Market in Cambrian Park. Tickets will be available also at the door of the auditorium.

There will be two door prizes awarded during the evening. One is a plant from James's Nursery, and the other is a turkey donated to the cause by Mario Canavero, manager of the meat market at Mac's market in Cambrian Park. Winners must be present for the drawings.

The San Francisco Customs District includes all of California north of the northern boundaries of San Luis Obispo, Kern and San Bernardino Counties, and the States of Nevada and Utah.

The first test of freedom of the press in America was won by John Peter Zenger and his wife, Anna, in 1734.

A NEW CUB CEREMONY Originating with Pack 75 shown here at the Rosemary School is getting national attention and may be used in other places. The Pack was started a year ago, the ceremony having been conceived by Mrs. George Machado, at extreme right in rear row. Shown also in this picture resting on pelts is George Skillman, the medicine man while standing, rear row at left is George Machado, the Akela (pack leader). In the center is the totem pole with beaver, wings and feather crest. Standing in front of Machado is Gail Perry, official pack pianist while standing at rear left to right are den mothers, Mrs. Ralph Pearson, Mrs. Fred Templeton, Mrs. Howard Ferris, Mrs. George Reynolds and Mrs. George Machado.

NATIONAL SCOUTING IS INTERESTED IN BOBCAT CEREMONY LOCAL ORIGIN

By Vivian Faulkner

There is no moss growing on Pack 75, a newly formed Cub Pack of one year which is considered the most active in the Santa Clara Valley and is under the guidance of Cubmaster George Machado and Assistant Cubmaster George Skillman.

A great deal of the credit for this distinction goes to Mrs. George Machado, a small vivacious woman with a dynamic personality, who is Den Mother to ten Cub Scouts of Den 4, and the author, director and costume designer of a unique new Bob-cat ceremony, which is the first rank in cubbing. The new ceremony, Indian and animal in nature, has been so well received by Cubmasters of this area and as far away as Oakland, that talks of adopting it into the cubbing program are now under way, although there have been no definite decisions made to date.

The ceremony, which is actually a full blown stage production, was created as a prime interest for the boys by Mrs. Machado, who felt animals and Indians fitted well into the Bob-cat ceremony, and also felt it would interest children and parents alike and thus bring about a nice turnout at Pack meetings when the Den with the most parents in attendance is usually awarded either a cup or a totem pole to keep until the next Pack meeting.

At the last Pack meeting a little over a week ago, more than two hundred fifty people jammed the Rosemary School auditorium to see the second presentation of this interesting production.

leader George Machado in full eerily lighted with concealed red and blue footlights which showed to good advantage the glowing campfire, symbolic of the warmth of friendship. In the back center stood a totem pole to which clung a realistic fur beaver representing lasting life, and which was hung with long haired Indian scalps. All this was topped by a crest of wings and feathers, symbolic of freedom. On one side Kowa-ti, medicine man George Skillman dressed in ancient Indian ceremonial garb with a hideous hood of fur and feathers, and daubed with war paint, sat cross-legged upon a heap of bob-cat, wolf, bear and lion pelts representing the four ranks of cubbing. On the other side was the council teepee. Arranged around the campfire in a semi-circle were full fledged members of the Weblo tribe beating tom-toms.

As the ceremony began, Akela, Kowa-ti the medicine man danced Indian chief regalia and also wearing war paint, gave the bob-cat cry and asked Den Mothers to bring forth braves who wished to enter the tribe of Weblos and assemble around the campfire. Akela then took the new braves through the seven symbolic rays of the sun which they are to follow on the trail of cubbing. At its finish, Kowa-ti the medicine man danced with a group of chanting Weblos, to dispel evil spirits from the new braves so they may do nothing but good through the coming year. At this point, evil spirits in the form of owl wings took sudden flight and soared across the scene, much to the amazement of the newly initiated braves in the tribe of Weblos. One of the ranking braves of the tribe of Weblo passed the pipe of friendship to each new brave, after which all Weblos performed a dance of welcome, concluding with an Indian yell of welcome.

Again Kowa-ti the medicine man danced, leading a group who have attained Bear rank this time, and presented them with two feathers.

Parents of new Bob-cats were brought forward to give a pledge that they would help the Pack and their boy and given a Bob-cat pin which must be pinned on the new brave upside down and worn that way until the brave has done his first good deed.

At the close of the presentation, George Machado welcomed parents and introduced committeemen who have contributed a great deal of time and effort toward the success of Pack 75. They are Ben Perry, Don Gilbert, George Reynolds, Del Bono, Howard Ferris, John Shaeffer, Wayne Tyrell, Richard Mills, Charles Goodwin, Ed Faulkner and George Skillman.

Ten year old Gail Perry is the official Pack pianist who remains unseen back stage during the entire presentation.

New boys initiated into the tribe were Gary Skillman, Jeffery McKinley, Frank Gates, Jackie Nooteboom, Alan Young, Darrell Astin, Fred Templeton, Steven Womack, Grant Belt, Michael Schmidt, and Nickie Ware.

Den Mothers are Mesdames Ralph Pearson, Fred Templeton, George Reynolds, Howard Ferris, and George Machado. One more Den Mother is needed by a group of 3rd and 4th grade boys who are hopefully waiting to enter cubbing with this lively Pack.

LEGAL NOTICE

CAMPBELL REGISTER

MARY SUE FIELDS of North Second Street, is back home again after a two and a half week vacation trip in which she took a bus to Reno, Nevada, where she joined her parents, Mr. and Mrs. Carl Field. The Fields then continued their trip to Chateau, Montana, to visit their son, Carl B. Field Jr., and his family where Mary Sue helped his four children, Chris, twins Sharman and Rachel, and Carl B. 3rd, celebrate Hallowe'en. Their return trip was made by way of Spokane, Washington, where they stopped for an over night visit with a nephew, then on to visit their daughter, Mrs. Raymond Betcher of Escalon, California, before returning home last Monday.

CLIFF WINTERS, formerly minister of the Church of Christ of Campbell is now connected with an Insurance Company. Mr. Winters is still doing lay preaching at various churches in the Santa Clara Valley.

Mr. and Mrs. EUGENE HINES, of 520 Emory Avenue, are welcoming a new addition to their family whom they have named Phillip James. Baby Phillip, who has a two and a half year old brother named Gregory, arrived on October 22, weighing 7 pounds, 15 ounces, at O'Connor Hospital.

Registered in the day division at University of Washington at St. Louis is WAYNE OLIVER BUCK, son of Mr. and Mrs. Earl C. Buck of 237 Carlyn Avenue, a senior in the school of medicine. Buck was graduated from Campbell High School. He is a member of the Phi Beta Pi medical fraternity.

Mrs. ANNA McGOWEN of Campbell registered recently at the Little White House at Warm Springs, Georgia.

Pvt. RICHARD FAULKNER, who has been spending a 10 day leave with his parents, Mr. and Mrs. Lawrence Faulkner of 214 Rosemary Lane, left by plane Wednesday evening for the Army's Aberdine Experimental Proving Grounds in Maryland where he will enter a training school.

SERVICE NOTES

Marine Pfc. Hugh A. Moore, of 81 Kennedy ave., and Marine Pfc. Fred Q. Wirth, of 13 S. Winchester, both of Campbell, have arrived at Inchon harbor aboard the attack transport USS Pickaway for duty with the 1st Marine Division in Korea.

IN CAMPBELL'S KITCHENS

With winter just around the corner, many of us start looking for good recipes to help fill the children's tummies. Here are two that will fill the need.

TAFFY APPLES

2 cups sugar
½ cup water
Pinch cream of tartar
½ cup butter
1 teaspoon vinegar
½ cup cream
6 or 8 apples

Place the sugar and water in a saucepan and heat until dissolved. Add the cream of tartar, butter, vinegar and cream. Cook, stirring constantly, to 290 degrees, or to the soft-crack stage. Remove from heat. Dip each apple, held by a skewer, into the boiled syrup and carefully place on a buttered plate to harden.

INEXPENSIVE MILK CARAMELS

2 cups sugar
1 cup light corn sirup
3 cups milk
1/4 cup butter
½ teaspoon salt
1 teaspoon vanilla extract

Heat sugar and sirup in 1 cup of milk, stirring until dissolved. Then cook, stirring frequently, to 246-248 degrees, or to the firm-ball stage. Slowly add the second cup of milk, and repeat the cooking process. Add the final cup of milk, the butter and salt, and cook to 246-248 degrees, or until a ball tested in cold water is of the firmness desired in the finished caramel. Remove from heat, add vanilla extract and pour at once into a buttered pan, marking in squares when cool. Chopped nuts or coconut may be added if desired.

Marble statues in Sutro Gardens in San Francisco came to the city as ballast in ships from Belgium and other parts of the world.

OUR DEMOCRACY — by Mat

"POOR RICHARD" FLIES A KITE

HOW BENJAMIN FRANKLIN, SEEKING TO CONTROL THE FORCE OF ELECTRICITY, FLEW A KITE TO LEARN THE NATURE OF LIGHTNING, IS PART OF THE AMERICAN STORY. SO IS HIS ADVOCACY OF THRIFT.

HARNESSED TO THE NEEDS OF MAN, ELECTRICITY TODAY REINFORCES THE PRODUCTIVE POWER OF AMERICA. AND THE DEVELOPMENT OF ELECTRIC LIGHT AND POWER HAS BEEN MADE POSSIBLE LARGELY BY THE GROWTH OF THRIFT IN AMERICA—THE INVESTMENT OF LIFE INSURANCE FUNDS AND OTHER SAVINGS.

"POOR RICHARD"- FRANKLIN THE INVENTOR- WOULD BE AMAZED AT HOW HIGH HIS "KITES" HAVE FLOWN.

Sophs, Juniors Hold Final Elections

The Sophomores and Juniors held their final elections for class officers, Friday, October 22, in their administrative classes at Campbell High School.

The students chosen to head the Sophs this semester are: President, Don Dunton; Vice President, Julie Gallagher; Secretary, Jayne Hatcher; Treasurer, Margo Hopkins.

The Sophomore class and their newly elected officers have planned a busy year. Some of the events that they have scheduled are: a Mother-Daughter Tea, four cake sales, the Sophomore Party and the Sophomore Assembly.

The officers that will compose the Junior Cabinet, and lead the class for the fall semester are: President, Tony LoBue; Vice President, Roger Lukehart; Secretary, Dorothy Keeler; Treasurer, Fred Esparza.

The Juniors also have a busy schedule ahead. These events include the Junior Magazine Sale, the Junior Assembly, the Mother-Daughter Tea, and the Junior Prom.

FROM THE SIDELINES

By EMMETT WATSON

Sports Editor Seattle Post-Intelligencer
Your "Lucky" Guest Columnist

(EDITOR'S NOTE: Emmett Watson is one of the fastest rising stars in the sports writing world. After a brief stint as a catcher for Seattle in the Pacific Coast baseball league in 1943-44, Watson traded his glove for a typewriter and began covering sports. A daily columnist on the Seattle Post-Intelligencer, Watson also is a well known contributor of sports articles in national magazines and covers the Pacific Northwest for the new magazine, Sports Illustrated.)

It is generally agreed that spring training for newspapermen would be a good thing, if only to get them in shape to pull cotton out of aspirin bottles. Any sports writer loves to boast of his athletic exploits, given half a chance.

Now that I have half a chance (the other half has been mislaid), any further reading must be done at your own risk.

X X X

The Seattle Rainiers, a baseball team, once labored under the delusion that I was a baseball prospect — at leust that's the story they tell now. But back in 1942, under the gentle administration of William F. Skiff, their manager, I was considered pretty hot stuff. I remember an interview Mr. Skiff held with the press.

X X X

"This catcher, this Watson," said a writer, "can he hit?"

"Well . . . he's not a bad guy."

As you can see, Skiff was lavish in his praise.

"Can he move around?" came the next question.

"Yes, he can," said Mr. Skiff. "Provided, of course, he is not pressed for time."

The national litter bill is more than $50 million, and all of it straight from the citizens' pocket. "If the public were educated to the high cost of keeping our highways, beaches and parks free of litter, some of that money could go into building new and better stadiums and recreation areas," says Eugene S. Selvage, president of the Lucky Lager Brewing Company. Do your part to KEEP AMERICA BEAUTIFUL.

"He must have a good arm," suggested the press.

"Right or left?" hedged Mr. Skiff.

X X X

"A good handler of pitchers," said the writer. "Would you say he is smart and brainy?"

"Well, he can button his own clothes now," agreed the manager.

X X X

"Is he a good receiver?"

"Since he has been with our club," said Mr. Skiff firmly, "he has caught two colds in succession."

X X X

I am proud to state here and now that no part of this eulogy ever went to my head, except the two colds. And say what you will about Skiff, he knew his players well.

X X X

"This Wilson, or Watkins," he said. "There is one thing he can do better than any other catcher in baseball. I have seen them all — Cochrane, Dickey, Hartnett, Danning and Lopez. But none of them — not one, mind you — could squat like Watson."

X X X

The reporters sensed a scoop.

"Nobody can squat like my boy," repeated Skiff. "There is a certain class, a touch of greatness in the way he squats. And now, if you will excuse me —"

X X X

That was in 1942, and I was 23 years old, with a glittering career in baseball ahead. But the next year my legs went back on me.

X X X

"Your famed squat is gone, Watson," said Skiff sadly. "The end of a great career. With your mental equipment, I suggest you get into a less taxing line of work. Try sports writing."

And so it came to pass.

Moreland Board Studies Growth

The five members of Moreland District's school board assisted with a panel discussion at Monday night's El Quito Park PTA dinner-meeting. Each member gave a short talk on the district's present and future problems, with A. S. Cakebread acting as moderator. Mr. Cakebread is administrators' assistant from the County Superintendent of School's office.

Sam Manfre, board member, spoke first on school finances, which he illustrated with charts. George Ballantyne, president of the board spoke on housing of the children in new schools. Virginia Lagiss told of recreation in the area, with particular emphasis placed on what to do about teenagers leisure time.

George Robertson, clerk of the Board, indicated with charts the probable increase in enrollment, and Vincent Carter spoke on the proposed Citizens Advisory Committee. Carter explained that the Moreland District Board members are inviting PTAs to form a committee which will meet with the trustees and help to plan solutions to various problems.

Mrs. Phillip Hurd made the arrangements for the dinner which preceeded the meeting, assisted by Mrs. John Diehl, Mrs. Robert Pennell, Mrs. John Foster, Mrs. Henry Nettesheim, and the mother of the sixth grades. About 250 adults and children ate a hearty and delicious meal, after which over a hundred children went to the two rooms where movies were shown. Girl Scouts and Camp Fire Girls assisted Mrs. Ray Ramos with the baby-sitting.

A Girl Scout Troop led the allegiance to the Flag at the beginning of the business meeting, and Miss Margaret O'Donnell started out the singing of patriotic songs.

Mrs. Oliver Upton, El Quito Park PTA president, presided at the meeting, and then introduced Mrs. Ernie Porter, first vice-president, who was chairman of the program which followed. In addition to the five trustees and Mr. Cakebread, at the discussion table were Moreland District Superintendent, Mrs. Gussie M. Baker and Robert S. Tack, principal of El Quito Park School.

Choir Sings For State Supervisors

The Campbell High A Capella Choir entertained by special invitation at the California Supervisors Convention held at the Palomar Gardens in San Jose yesterday afternoon.

The numbers they sang were: "Salvation is Created", "Heavenly Light", "Soon Ah Will Be Done", "I Believe", and "Battle Hymn of the Republic".

Whist Party At Hamilton School Well Attended

The Whist Party sponsored by the Hamilton P. T. A. last Friday evening was judged a successful affair by co-chairmen Phoebe Davis and Don Anderson. One hundred and fifty people attended the party. Proceeds will go for school equipment.

First prize went to Malcolm Tolin, while the door prize of a large turkey was won by Betty Grizzle. Howard Atkinson was highest scorer and received a wrist watch. Winners of other prizes were Helen Zumwalt, pyrex ware; Marjorie Galgiani, $5 purchase order; R. D. Sargent, large bag of sugar; Muriel Simons, $2.50 purchase order; Charlene Silver. Ortho garden kit; Anthony Gomes, set of tumblers; Inez Hansen, bottle af Champagne; Evelyn Anderson, boy's jacket.

Refreshments were donated and served by room mothers.

San Jose Alumni Homecoming Fete This Saturday

A gala after-game dinner dance for San Jose State College alumni, former students and friends has been planned as part of the Homecoming celebration following the SJSC-Stanford football game in Palo Alto on November 13.

Following the game, the informal dinner-dance will take place in the Rose Room at Rickey's Studio Club in Palo Alto. There will be dancing in the evening to the music of Gaylen Smiley and his Orchestra.

This year's Homecoming game will be held away from San Jose because only three games are played in Spartan Stadium this year and none of these occurs at the proper time for the traditional mid-season Homecoming activities.

Tickets for the dinner-dance and the football game are available on request in the Alumni Office, San Jose State College.

The dinner-dance is being sponsored by the San Jose State College Alumni Association.

Douglas Harrison Hurt In Crash

Douglas Harrison, Campbell High School sophomore halfback is to be out of the lineup for two weeks because of injuries sustained Tuesday when hit by an automobile near the school, according to Coach Muir. Xrays show no broken bones. Harrison is said by witnesses to hav eescaped serious injuries by rolling away from the wheels of the car after being knocked down. Driver of the car was not cited. Muir says that the 155 pound Harrison is one of the most promising backs he has coached at Campbell.

CSF Plans Party, Other Activities

The Campbell Chapter of the California Scholarship Federation held its monthly meeting Monday, November 1, at Campbell High. The first thing discussed was the need for two sergeants-at-arms. Those elected were Eugene Andres and Nathan Meleen. These boys will maintain order during meetings and collect 5c per person from anyone who comes late to meetings.

The major part of the meeting was devoted to planning the year's activities. In addition to the annual social events, four additional activities were scheduled. First in line was a Christmas Party for the patients at the County Hospital. Talent for this show will be chosen from the entire student body. The CSF also offered its service to the Student Council, and has been asked to help General Chairman Jean Rafferty with the "Save the Children Federation" old clothing drive, which will be held November 15 to 18. The suggestion was then made to enter a candidate in the Turkey Trot Queen Contest. From five girls nominated, Carole Foster was chosen to represent

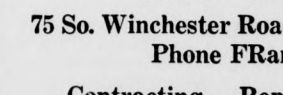

LAW IN ACTION

ENFORCING RIGHTS GIVEN BY CONTRACT

Since so much of our daily business rests on contracts, the law protects contracts by seeing that each person does his part or makes up for not doing so, usually by an award of money damages.

Suppose you contract with someone who later refuses to perform his promises. Then, in most cases, you can sue him for damages.

Courts often set damages by the amount of injury, including losses which result from the injury. Example: You pay Mr. Carpenter $50 to fix your roof while you are away. You warn him that damage will be done, if rain gets through it. When you come back, the roof has not been fixed. Rain has leaked into your closet and your $300 wardrobe is ruined. Odds are that you can collect $350 damages from Mr. Carpenter.

When money damages would be insufficient to make up your loss, a court may order "specific performance" of the contract. Suppose Jones contracts to sell you his corner lot and then backs out. The court can make him perform his part of the deal—that is compel him to transfer title to the lot to you—for you could not get exactly the same lot elsewhere, even in the same block.

In some cases courts will not enforce lawful contracts. You hire Mr. Carpenter to fix your roof. But the courts will not back you in these situations:

1. Where you keep Mr. Carpenter from doing the job: You refuse to let him put up a ladder, the only reasonable way to reach the roof.

2. Where it is impossible to carry out the contract. Say, your house burns down; or, in case of war, the contractor's construction materials are taken for governmental purposes and he can obtain no others.

3. Where it becomes unlawful to carry out the contract, as the result of statute, regulation, or ordinance: Say, the use of wooden shingles in repairing of roofs is prohibited.

NOTE: The State Bar of California offers this column for your information so that you may know more about how to act under our laws.

CARD OF THANKS

We are sincerely appreciative of the help rendered by the Campbell fire department, and the heroic services by Police Officer Tom Casey last Thursday night at the time of the blaze which damaged our plant. We are sincerely appreciative also of the wonderful people of Campbell who have volunteered to help us regain some of our losses. To all we give our heartfelt thanks.

Campbell Seniors To Stanford For Game Saturday

Four hundred senior students from 43 Northern California high schools will attend Stanford High School Day on the campus this Saturday.

Organized as a hospitality project by Stanford students, the program will include an assembly at Memorial Hall, campus tours, luncheon in University living groups, an attendance at the Stanford- San Jose State football game.

Dean of Students H. Donald Winbigler and Peter S. Bing, University student body president, will be speakers at the 9:15 a. m. opening assembly which will follow a 45-minute registration period.

Stanford traditions, admission scholarships, living facilities, athletics, and other aspects of camus life will be discussed.

Sue Ross of Eugene, Oregon, is chairman of the day, sponsored by Cardinals, student service organization.

Invitations to Campbell High School seniors were extended through Laurance J. Hill, superintendent.

Students from Campbell who will visit Stanford Saturday are Ron Todd, Jean Rafferty, Rolene Eichman, Nancy Richards, Linda Curtis, Judy Quinsland, Andrew Lindsay, Julie Johnson and Pat Christensen with senior advisors Art Broadbent and Miss Pat Kutzner. Jules Langlo is senior faculty representative.

Week Of Prayer

"As a Thief in the Night" will be the topic of speaker Mr. Harold A. Iles at the local Seventh-day Adventist Church, Saturday 13, 1954. This will be the opening service in the Church's annual week of prayer. Each year a week is appointed for special communion with God.

Mr. Iles is the Assistant Manager of the Central California Book and Bible House of the Central California Conference of Seventh-day Adventists.

Tandem Club Is To Hear Family Relations Report

"Family Relations In Our Community" will be the subject of an inspirational talk by James Corson for the Tandem Club of the First Methodist Church on Friday evening following a potluck supper to be held at 7:00 p. m. in the social hall.

Corson, who is studying for the Methodist Ministry at the Pacific School of Religion in Berkeley, has just returned from the National Family Life Conference in Columbus, Ohio.

The San Francisco-Oakland Bay Bridge is actually two bridges connected at the center by a tunnel through Yerba Buena Island.

CHRISTIAN SCIENCE

The spiritual basis for healthful, happy, abundant living will be dealt with at Christian Science services Sunday.

Keynoting the Lesson-Sermon entitled "Mortals and Immortals" is the Golden Text from John (3:6): "That which is born of the flesh is flesh; and that which is born of the Spirit is spirit."

Selections to be read from "Science and Health with Key to the Scriptures", by Mary Baker Eddy include the following (76:22-26): "The sinless joy,—the perfect harmony and immortality of Life, possessing unlimited divine beauty and goodness without a single bodily pleasure or pain,—constitutes the only veritable, indestructible man, whose being is spiritual."

From the Bible the following passage will be among those read (Romans 8:6): "For to be carnally minded is death; but to be spiritually minded is life and peace."

TO OUR LOCKER PATRONS:
Re: FIRE - NOVEMBER 5 1954

As you may know, there was no fire damage to our locker room or the food in your locker.

As a precautionary measure, all locker contents were removed on Friday, November 5, 1954, from the lockers at our plant and transported to the Security Cold Storage Plant in Santa Clara by refrigerated trucks. There the locker contents were kept in sub-zero temperatures.

Arrangements are being made to place the contents of lockers in similar lockers at the San Jose Frosted Foods Lockers, 630 Stockton Ave., San Jose. You will be advised by letter when your locker contents are in the lockers of this concern, also locker numbers, etc. This may take possibly a week.

We are doing our utmost to repair the fire damage at the earliest possible date, and will advise the date we are reopening with a welcome home to Campbell Frozen Food Lockers.

LEGAL NOTICE

ORDINANCE NO. 61
AN ORDINANCE OF CITY OF CAMPBELL APPROVING THE ANNEXATION OF CERTAIN CONTIGUOUS UNINHABITED TERRITORY TO CITY OF CAMPBELL, A MUNICIPAL CORPORATION, COMMONLY KNOWN AS THE LANDS OF ANGELO AND ISABEL BELLICITTI, JOHN AMATO, GRAZIA AMATO, ANGELO AND ROSALIA MESSINA, AN D DESIGNATED AS CAMPBELL ANNEXATION 1954-3, IN ACCORDANCE WITH THE PROVISIONS OF SECTION 35300 ET SEQ. OF THE GOVERNMENT CODE OF CALIFORNIA.

WHEREAS, the City Council of City of Campbell, California, did heretofore on July 15, 1954 initiate proceedings for the annexation of certain uninhabited territory contiguous to the boundaries of City of Campbell, and

WHEREAS, said action by the City Council was supported by the written petition from the owners of not less than one-fourth (1/4) of the area and of the assessed value of all the land proposed to be annexed, and

WHEREAS, the City Council of the City of Campbell did, on the 16th day of August, 1954, pass and adopt its Resolution of Intention to annex said uninhabited territory, hereinafter described, lying outside of and being contiguous to the boundaries of the City of Campbell, which said Resolution fixed notice of the day, hour and place where any person owning real property within such territory so proposed to be annexed and having any objections to the proposed annexation might appear before the legislative body and show cause why such territory should not be so annexed, and

WHEREAS, the said Resolution and Notice was duly, regularly and lawfully published for two (2) successive weeks prior to such hearing in the Campbell Press, a newspaper of general circulation, published in the City of Campbell, and for two (2) successive weeks prior to such hearing in the Los Gatos Times, a newspaper of general circulation published outside the City of Campbell, but in the County of Santa Clara, State of California, proof of said publications having been made by the affidavits of the publishers on file with the City Clerk of Campbell, and

WHEREAS, copies of said Resolution and Notice were duly and regularly mailed by said City Clerk to each property owner in said area proposed to be annexed as shown by the last equalized assessment roll in Santa Clara County and as required by the provisions of Section 35311 of the Government Code of California as amended and all other requirements of said Government Code with respect to the annexation of uninhabited territory having been complied with; and

WHEREAS, such hearing was held pursuant to said Notice contained in said Resolution on the 27th day of September, 1954, at the time and place fixed therein; and

WHEREAS, such hearing was not less than fifteen (15) days nor more than fifty (50) from the date of passage of said Resolution; and

WHEREAS, at the said hearing there were no protests by any owner or owners of one-half (½) of the value of the territory proposed to be annexed, according to the last equalized assessment roll of the County of Santa Clara, State of California; and

WHEREAS, the City Council finds that the territory proposed to be annexed is contiguous to the boundaries of the City of Campbell, and that the same is uninhabited territory as defined by said Government Code of California and that the annexation of the same would be for the best interest and general welfare of the people of the City of Campbell, and

WHEREAS, all of the said territory is within the boundaries of Central Fire Protection District of the County of Santa Clara, State of California, and that it is for the best interest of the people of the City of Campbell that said lands hereinafter described be withdrawn from said district.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF CAMPBELL DOES HEREBY ORDAIN AS FOLLOWS:

SECTION 1. That the annexation of the uninhabited territory hereinafter described be, and the same is hereby approved, and that the said territory be, and the same is hereby annexed to the City of Campbell; and that the territory affected by this approval and the proceedings heretofore had shall be commonly known as the lands of Angelo and Isabel Bellicitti, John Amato, Grazia Amato, Angelo and Rosalia Messina, and designated herein as Campbell Annexation 1954-3, and more particularly described as follows:

All of that real property situate in the County of Santa Clara, State of California and being more particularly described as follows:

Beginning at the point of intersection of the center line of Latimer Avenue and the easterly line of a certain 14.73 acre parcel conveyed to Angelo Messina and Rosalia Messina, his wife, and joint tenant, by deed recorded in Book 1241 of Official Records, page 340, Santa Clara County Records, also being the northeast corner of said 14.73 acre parcel; thence southerly along the easterly line of said 14.73 acre parcel, to the intersection of a northerly City Limits line of the City of Campbell; thence southerly along said City Limits line to the intersection of the center line of San Tomas Aquino Creek; then southwesterly along said city limits line, also being the center line of said Creek, to an angle point in the said City Limit line, said point being 175 feet northerly and at right angles to the northerly line of Campbell Avenue (50) (fifty feet wide); thence westerly along said City limits line, parallel to and 175 feet northerly and at right angles to Campbell Avenue to the intersection of the easterly line of a certain 29.37 acre parcel conveyed to Grazia Amato by decree of distribution recorded in Book 1422 Official Records page 376 Santa Clara County Records; thence southerly along city limit line also easterly line of said 29.37 acre parcel to the northerly line of Campbell Avenue (50 feet wide) (R/W); thence westerly along the city limits line also the northerly line of Campbell Avenue to the easterly line of a certain Tract No. 370, Recorded in Book 15 of Maps, page 15, County Recorder, Santa Clara County; thence leaving the city limits line northerly along easterly line of said Tract No. 370 to the southerly line of a certain 15.19 acre parcel conveyed to Angelo Bellicitti and Isabel Bellicitti, his wife and joint tenant, by deed recorded in Book 959 of Official Records page 318; also being the most northeast corner of said Tract No. 370; thence westerly along the southerly line of said 15.19 acre parcel and a certain 14.89 acre parcel conveyed to Angelo Bellicitti and Isabel, his wife, and joint tenant, by deed recorded in Book 959 of Official Records, page 318, Santa Clara County Records to the westerly line of said 14.89 acre parcel, also being the most southwest corner of said 14.89 acre parcel; thence northerly along westerly line of said 14.89 acre parcel to the center line of Latimer Avenue (40 feet wide) also being the most northwest corner of said 14.89 acre parcel; thence easterly along the center line of Latimer Avenue and the prolongation of said center line to its intersection with the most easterly line of said 29.37 acre parcel, also being the most northeast corner of said 29.37 acre parcel; thence southerly along the easterly line of said 29.37 acre parcel to the center line of Latimer Avenue; thence easterly along the center line of Latimer Avenue to the point of beginning.

SECTION 2. That all of the lands hereinabove described be and the same are hereby withdrawn from Central Fire Protection District of the County of Santa Clara, State of California, and that an appropriate resolution be adopted withdrawing the same in accordance with the provision of Section 14540 of the Health and Safety Code of the State of California.

SECTION 3. Pursuant to the provisions of the said Government Code of California, the City Clerk shall and she is hereby directed to file with the Secretary of State of California, a certified copy of this Ordinance immediately upon the said Ordinance becoming effective.

SECTION 4. The City Clerk is hereby ordered and directed to file with the Office of the Recorder of the County of Santa Clara in which the City of Campbell, a municipal Corporation, is located, an affidavit stating that all requirements of the law pertaining to such proceedings for annexation have been complied with. Be it further provided that this said affidavit shall be accompanied by a certified copy of boundary descriptions as set forth in the annexation proceedings and also by a map delineating such boundaries.

SECTION 5. That all expenses of proceedings for the annexation of the said uninhabited territory be paid, and the sums be, and they are hereby allowed.

PASSED AND ADOPTED this 8th day of November, 1954, by the following vote:

AYES: Councilmen: Arends, Chargin, Rose, Morton
NOES: Councilmen: None
ABSENT: Councilmen: Daum

SPORTS

Bucs Out To Upset Santa Clara Friday

by Bob Olson

After knocking James Lick High out of first place last Friday, 12-0, the Campbell High Varsity football eleven aims to upset the Panthers in a game at Santa Clara tomorrow. Since Los Gatos took care of Fremont in another upset last weekend, as predicted in this column, a Buc victory tomorrow night would completely jumble the already-confused SCVAL standings and make it possible for any one of four teams to emerge as 1954 conference champion.

THIS FRIDAY'S BIG GAMES	
CAMPBELL at Santa Clara	8 P.M.
Fremont at James Lick	3 P.M.
Mt. View at Los Gatos	3 P.M.

Santa Clara has shown steady progress all season and their record is marred only by a 14-14 tie with Lick. The Panthers are big, fast, and take all the breaks. Fred Blanco at fullback who has been labeled the best runner in the conference, looked it last weekend as Santa Clara won over San Francisco Balboa JV's 27-6.

The Panthers will have to play great ball if they meet the same aggressive Campbell squad that ran over Lick last Friday. We've never seen one of Muir's squads play better ball or play more cooperatively and effectively as a team. In Doug Harrison, a sophomore, ran forty-nine yards, but the play was called back by a questionable clipping penalty.

Lick brought a stand-full of rooters and a lively band, for the game. Twenty-five hundred Campbell rooters were pleased with the performance of their team's defensive units. To this writer they seemed the fastest and most energetic offensive power the school has exhibited in five seasons. The Bucs scored in the first and fourth quarters while turning back two Comet drives, one in the second quarter when Hal Najaki's fourth down pass fell incomplete in the Buc end zone, and again in the final period when Lick failed to make a first down on the Buc 28, because of Gary Lukehart's tackle. Campbell went 61 yards in seven plays for a touchdown. Russ Cahill scored after four successive line plunges. The Bucs started their final touchdown drive near game's end after stopping Lick on the 28. Again we stuck to the ground, effectively using three ball carriers, Jim Ryley, Harrison, and Cahill, until able to push Ryley over from the two. Campbell now has a 2-1 record for the season.

As noted last week, Los Gatos seemed under rated by other writers. They proceeded to upset the heavily-favored Fremont Indians 7-6 Friday night at Sunnyvale. The Cat's halfback, Earl Green, threw a twenty-one yard pass to fullback Sparks who ran the remaining 78 yards for the biggest score of the year in SCVAL play. The victory gives the boys from Los Gatos a whole new lease on life. They are expected to defeat Mountain View club, on their own field tomorrow afternoon, since the Eagles were lucky enough to squeeze by a green Washington eleven by an extra point after touchdown, 14-13. This was Mountain View's first victory after four defeats.

Campbell will play Washington at home next week and then close the season against Los Gatos on Thanksgiving morning.

The Plaza Hotel at San Juan Bautista, built in 1856, was a popular hospice for stage travelers and visitors to California in pioneer days.

CAMPBELL SCHOOLS PLAN FOR SPORTS JAMBOREE NOV. 19

Plans for a jamboree on Friday, November 19th, in which the A and B touch-football teams from the nine schools in the Campbell Union Elementary School district are to participate on the Campbell Grammar School field, were announced today by Joe Stein, physical education consultant for the district. The jamboree which will be on from two to four in the afternoon will see 100 or more boys of the sixth grades at these schools in action, according to Stein.

District buses will bring the boys to and from the playing field and their respective schools. Ribbons for all participants are being given by the Campbell Kiwanis Club in keeping with a Youth recreation program. Pennants are to be given winning teams.

There are to be tournaments for the A and B teams, competing as east and west divisions. The total point of the divisional teams will then be scored. There will be four A winners and five B winners, in the match play series. Each team makes ten plays against a team in the opposite division, the ball remaining in the spot of the last play in changing fields, the down continuing with the new teams. Each team plays four other school teams for a total of forty plays.

The B teams play half their games, followed by A teams doing the same, the plan being repeated in the second half.

In the A-Division the East teams will be Campbell, Moorpark, Hamilton and Cypress schools while the West teams will be Quito, San Tomas, Cherry Lane and Rosemary.

In the B-Division the National leaguers will be Campbell, Moorpark, Dover and Rosemary opposing the American Leaguers who will be Hamilton, Cypress, Quito and San Tomas schools.

LEON O'NEILL star San Jose State gridder whose home town is Olivia, Minn., who tips the beam at 200, is 23 years old and 6.2 in height. Business major scholastically speaking. He will be in the game Saturday against Stanford at Palo Alto.

CAMPBELL FANS SEE 49er GAME

Campbell sent a bus load of fans to the Rams-49er football game at Kezar stadium last Sunday with dinner following at Fisherman's Wharf returning on the same chartered bus by nine in the evening to San Jose. Tickets for the game, which was a sellout, were purchased by Cel Gerevas six week ago and were re-sold at cost within a few days and a list waiting for cancellations.

Campbell, however, was not the only city where buses brought fans to the pro game. There was a line up of buses three deep the full length of the Panhandle along Waller street in San Francisco. They came from Red Bluff to Fresno, in the Sacramento and San Joaquin Valleys and from Eureka to Carmel along the coast. The stadium was packed with 60,000 fans seated and some 5000 standing and on roofs.

Those from Campbell at the 49er game Sunday were: Frank Meiss, Bert Robinson, Junior Morgan, Robert Culp, Al Smith, George Miskulin, Laurance Hill, George French, Verle Grizzle, John Almada, Bert Legg, Ernest Leick, Oliver Jensen, Joseph Anello, Lester Lafferty, J. Norman Corvello, Bud Weeks,

Ott Meckler, Kenneth Schoenberger, Ben Strong, Ray Strong, Douglas Strong, Kenneth Strong, Richard 'Bud' Strong, Marvin Strong, Homer Hyde, Jerry Kelly, Harold Shumway, Charles Rose,

Calvin Young, Hollis Logue, Guy Troedson, Bill Means, Howard Keech, Nicholas Burke, Cel Gerevas, A. Raffanti, Bob Raffanti, John Marovich, Nick DiMuzio, Carl Field, Frank Accardi, Mario Saia, Merv Willoughby and Dr. Robert Jasmine.

F. F. A.

The Campbell Chapter of the F. F. A. met on November 4, last Thursday, to elect a representative to the National Convention in April. Tony LoBue was chosen, with Rick Wilson as alternate.

All the members introduced themselves, and then Mr. Smith, the advisor, showed movies and gave a talk of his trip around the United States, last summer.

The Canadian National Exhibition at Toronto is said to be the largest annual fair in the Western Hemisphere, and possibly the world.

CAMPBELL HIGH HAS COLORFUL DRILL TEAM

The colorful drill team of girls at games in which Campbell High is participating, is this year featuring navy blue skirts, sweaters, and socke, white bucks and white Peter Pan collars with each girl carrying two red pom-poms.

With their leaders Lu Eda Hardester, Lorraine Soto, Francine Baylor, and Mary Schnerr, the following girls will perform at the game tomorrow: Ardyth Anderson, Joyce Bangert, Joan Battaglia, Ronda Benson, Dorothy Bogue, Dolores Bravo, Patsy Bryant, Pat Burch, Lani Cahill, Elaine Cirauto, Nancy Cureton, Diane Dearborn, Gloria De Santiago, Keri Dobbins, Judy Donovan, Mary Ervin,

Julie Gallagher, Gail Gerlach, Berta Gibbons, Carolyn Hall, Kathy Harp, Barbara Harrison, Pat Holdren, Margo Hopkins, Judy Johnston, Barbara Lansdale, Charlene Lisenby, Janet Madruga, Judi Martin, Jeanine Misener, Pat Mohler, Gail Murdock, Kay Newquist, Pat O'Brien, Sharon Olsen,

Martia Parkes, Billie Pedemonte, Yvonne Rappe,, Sandra Ross, Nan Russell, Nancy Schraub, Betty Shinagawa, Carol Snyder, Anna Mae Sorci, Nancy Stamp, Pam Suhr, Pat Suglian, Mary Thompson, Carol Titus, Ann Taormino, Carole Turnu, Carolyn Veith, Jan Whitney, Patty Williamson, Vonnie Willig, Barbara Winters, Glenda Woodoid, Andrea Wynns, and **Anne De Bois.**

Grammar School Has Busy Sports Program At Noon

On the eleven small fields at the Campbell Grammar School 22 home room teams play touch football in the noon program while twelve girl teams from the 7th and 8th grades are engaged in volleyball and basketball, four days per week, according to Joe Stein, physical education consultant for the school.

Plaques are to be awarded the winning room teams.

Robert Landreth, vice-principal, assists Stein in the program as does Dorothy Wilkinson in charge of the eighth grade girls and Barbara Brown who is in charge of the 7th grade girls.

Explorer Troop Visits Pinecrest

The Explorer Crew of Kiwanis Boy Scout Troop 28 of Campbell spent last weekend at Camp Hi-Sierra, near Pinecrest, gathering pine cones for the Christmas season. The Crew worked on preliminary arrangements and plans for a snow expedition to be held later in the winter.

Those present on the trip were Gary Almada, Gene Andres, Don Brown, John Duncan, Larry Helffer, Jerry Henley, Art Hill, Tim Sullivan and Ken Robison, advisor.

The Federal Reserve Bank System was opened November 16, 1914.

The Dahlia has been San Francisco's official flower since 1926.

START SAVING PAPER NOW!

January 10-14, 1955, is the date set for this year's annual paper drive, which is sponsored by the Campbell High Student Council. Gary Lukehart is General Chairman; Pat Means and Judy Keech, publicity; Tony Schraub, storage; and Dick Kolte, transportation of paper. A $10 prize will be awarded to hte administrative class turning in the most paper.

The goal for this year's drive is 100 tons. As this project is one of the biggest money makers of the school year for the student body, students and facutly alike, are urged to start saving old newspapers NOW, for that drive in January. If yau have any paper that has to be collected now, and that you are unable to save, call FR 8-3481, and it will be picked up in the near future.

Girl's Ag Class At Grand National

Campbell High's Girls' Agriculture Class left school at 8 A. M. on Saturday, November 6, to attend the Grand National Livestock Exposition and Rodeo. The seven girls, Verna Durksen, Gail Robertson, Julia Hoagland, Marcia Slauter, Carolyn Ferrira, Carolyn Lindstrom and Bonnie McArdell, with their advisor, Miss Childs, arrived at the Cow Palace in time for the sheep sale at 10 a. m. The "aggies" spent much time touring the livestock barns, eyeing the western gear and discovering the elegance of the horses and their equipment, before showtime.

At 2 P. M. the girls were seated in the arena viewing the Rodeo and Horseshow. Among the events most enjoyed by the class were Jumpers, Arabian Parade Horses, with silver saddles, Harness Horses, Bareback and Saddle Bronc Riding, Steer Wrestling, and Jay Sesler and his dogs.

Back To School Night Observed

The parents of Campbell High the parents of our Campbell High students participated in "Back to School Night", taking the place of their teen-agers in the different classes yesterday.

This event was planned in order to give the parents an opportunity to meet the teachers and learn something about the work being done in each class.

Students prepared copies of their programs in advance for the parents, who were seen rushing to the various classes.

New sprayer fights cable-boring beetles. Astounding as it may seem, there's a kind of beetle that can eat right through the lead cover of a telephone cable. The beetle's so tiny it's hard to see. But the hole it leaves can let harmful moisture inside a cable. To prevent this, telephone people use a special repellent, which used to be brushed on cables entirely by hand. But the new sprayer—pulled by a man on the ground—puts the repellent on three times faster. By saving valuable time, this cuts the cost of guarding cables. So it's a big help in bringing you good telephone service that's high in value and low in price. **Pacific Telephone works to make your telephone a bigger value every day.**

One of the most common radio active elements in the earth is radium.

The Municipal Band presents a concert in Golden Gate Park at San Francisco every Sunday and holiday afternoon.

"Our dryer really gets a workout...yet it costs so little to run!"

says Mrs. Barrett Coates, Jr., 28 Plaza Drive, Berkeley, California (shown here with her daughters, Holly, Robin and Laurel and baby son, John).

"With three active girls and a baby boy to keep in clean clothes—I do a washing as often as three or four times a day. So this automatic dryer has really been a lifesaver! It's been on the go steadily since we got it, over a year ago. Yet it runs so economically, I've hardly noticed the difference in our P. G. and E. bills!"

Like Mrs. Coates, homemakers throughout California are discovering the work-saving convenience of the modern, automatic clothes dryer. And a dryer costs so little to operate, thanks to low P. G. and E. rates. Why not take full advantage of California's low-cost gas and electricity. Let an automatic dryer provide perfect year-round clothes-drying climate for you!

Gas and electricity are cheap in California

Pacific Gas and Electric Company

KIWANIS CLUBS VIEW TRANSISTOR AT MEET HERE

At a joint meeting in Campbell of Kiwanis Clubs from Cambrian Park, Los Gatos, Willow Glen and Campbell on Tuesday, a tiny device with a big future was demonstrated by J. N. MacKinnon of the Pacific Telephone Company. Merle Dodd was program chairman.

MacKinnon had with him the transistor which is about the size of a coffee bean but which can perform as efficiently as a much larger vacuum tube. It has no glass envelope, vacuum or filament, requires no warm-up period and throws no heat, so MacKinnon said telephone engineers have found a niche for it in the industry. He demonstrated a vest-pocket radio, wrist watch radio transmitter, handy talkie and other gadgets.

Dodd, who is a member of the Campbell Club and who is district Traffic Superintendent for the Pacific Telephone Company, told briefly of growth in the Campbell telephone exchange, saying that in 1956 a new office is to be provided in the district. Over 900 new telephones have been installed in the last twelve months so that the Campbell exchange now serves 6200 users.

Lowell Benson presented pins to Carl Field for 21 years of perfect attendance, Martin Walsh for 14 years, Ira Grim for 12 years and Joseph Dahl for 10 years perfect attendance. Tony Schraub, student body president for Campbell High School, Simon Chase of the Palo Alto Kiwanis Club and Dr. Jack Patton of Campbell were visitors.

Present also representing the Cambrian Kiwanis Club were Carl Cunningham, Dr. K. Henrickson, Roland Risso, Adolph Mirassou, Clovis Mirassou, William Sullivan, Monroe Agee, Berkeley Mathews, Kenneth McDonell, Dr. Floyd Green and Bernie Dale, the latter being president-elect for 1955.

From the Willow Glen Club were Connie Johnson, Al Raeske, Dave Blair, Spencer Williams, Bob Lew and Roy Anderson.

From the Los Gatos Club were Paul Crider, Raymond Fisher, Bern Hardwicke, Frank Jones, Philip McNamee, Ellis Thorwaldson, Harrison Walker, Harry Whitman, LeRoy White, and Arthur Thierman.

Reading Lesson Given At Dover School Club Meet

Over one hundred and fifty persons attended the Dover Home and School Club meeting Monday evening which was devoted entirely to a program presented by children and teachers of the school. The meeting was opened by Cub Scouts with a pledge to the flag.

Miss Marilyn Ramey, first grade teacher, discussed the difficulties in learning to read, saying words appear to the child as Indian symbols do to the adult, and that several factors influencing reading ability are physical condition and the emotional ability to cope with school situations and large groups of children. Mrs. John R. Drew gave a demonstration of a first grade reading class using adults to show the methods of teaching new pupils.

The third and fourth grade taught by Mrs. Melvin Fairbanks presented the musical portion of the program; the third grade singing two Indian songs, one in the Indian language; and the fourth grade singing two Mexican songs, one of the in Spanish. Her classes also won the prize given for the room with most parents in attendance, which consisted of generous portions of pumpkin pie served each pupil in school the next day.

An executive board meeting will be held Monday at 7:30 in the Teachers' room.

HELP WANTED—
WANTED—WOMAN TO STAY in home, help nurse elderly man, help with housework. FR 8-2411. 11-18

Contractor Fined For Not Reporting He Had No Payroll

William J. Eaton, General Engineering Contractor of Cupertino, was found guilty and fined $25.00 for violation of the California Unemployment Insurance Code by Judge Alfred Bowen, yesterday.

Mr. Eaton was charged with failure to file reports as required by the Unemployment Insurance Code for the quarters ended December 31, 1953, March 31, 1954, and June 30, 1954 in a complaint signed by D. Hack, Auditor in the San Jose Audit District Office.

Eaton pleaded not guilty on the grounds that he had not paid any wages during this period and, therefore, did not have to file reports.

Judge Bowen, in finding Eaton guilty, said that the registered employer who has been filing reports has a duty to continue filing reports or notify the Department of Employment that he has not paid any wages and that Eaton's failure to answer notices or advise the Department that he had not paid any wages during the period in question was inexcusable.

Thomas C. Clark, Auditor in Charge of the Department's San Jose Audit District Office stated that it is part of the continuing program of the Department to assure that all unemployment reports and taxes due the State of California are filed and paid within the time limits prescribed by law.

Flower Badges For Girl Scouts

Working for their garden flower badge, Girl Scouts from Troop 26 in Union District observed a demonstration of fresh-cut flowers arrangements by Tommy Blackmun of Campbell Floral Shop last Monday after school.

Two weeks ago the girls visited Carman's Nursery to see how cuttings were made and how to start seed flats. As part of then ten requirements to obtain the garden flower badge the girls have rooted geranium cuttings, planted flower seeds, are able to identify twenty-five flowers and six commonly used herbs on sight, and recognize five common weeds and know how to control them. They plan one more field trip in November, to Saratoga to learn the art of making dry flower arrangements of autumn vegetables, weeds and ornaments for the holiday season.

The troop is working toward another badge by doing active community service. At the Union Home and School Club's meeting last week, the nine girls took care of fifty-five pre-school children, the majority under two years of age, entertaining them with organized games. Next month when Union Home and School Club meets at Parker School, 7th grade Girl Scouts of Troop 77 will help Troop 26 with child care, when as many as a hundred pre-schoolers are expected to attend.

Members of Troop 26 are Mrs. Manly Nelson, leader; Mrs. John Emery, assistant leader; Mrs. Don Hanrahan, transportation chairman; and Scouts Leslie Bagar, Karolyn Gragg, Mary Nelson, Bess Emery, Pam Stoddard, Penny Mallette, Charlene Mahan, Merna Markussen, Leilani Hanrahan.

Educational TV At San Tomas Meet

Educational Television will be the topic of discussion at the San Tomas P. T. A. meeting to be held Tuesday, November 16, at 7:45 p. m., in the cafetorium. Mr. Richard Moore, program director of KQED will provide a speaker and film on Educational T. V.

A skit concerning the California P. T. A. magazine will be presented by Mrs. J. W. Brown, magazine chairman. Student participation will be by Mrs. Margaret Marcrofts fifth grade. Refreshments will be served by fifth grade mothers. Child care will be provided.

California has 1.6 million acres in Western Pine Tree Farms.

GRANGE HEARS OF CONVENTION IN SAN JOSE

John Gordon, district deputy, and visiting Pomona Master, Frank Cary, were escorted to seats of honor when Orchard City Grange met Tuesday evening. Cary gave a brief talk on the recent events of the State Grange Convention in San Jose and announced the next Pomona meeting will be an election of officers for the coming year and will be held at San Jose Grange, Saturday, December 4, in the I. O. O. F. Hall at Third and Santa Clara Streets.

The first four Degrees of the Order were conferred on five new members, Mr. and Mrs. Andrew Simonson, Mr. and Mrs. Ward E. Johnson and Mrs. Ellen O'Hern, by District Deputy John Gordon.

Chaplain Lucille S. Hoerler presented four stars to be added to the Service flag; a gold star for 1st Lieutenant Robert Hall, and blue stars for Col. Byron Hall, Larry Shadle, and 1st Lieutenant Marvin Scarper. The charter was draped in memory of Ward Edsinger.

Bessie Merrill, H. E. C. chairman announced the meeting will be Friday, November 12, at the home of Mrs. Margaret Parr at 1812 Ellen Avenue, San Jose.

The next meeting will be election of officers and potluck dinner at 6:30, November 23, in the I. O. O. F. Hall.

'Ramshackle Inn' Cast Rehearsing

Newly-elected President Lucile Corvello presided at the regular monthly meeting of Footlighters Tuesday evening. Marye Parker, Program chairman for the year, told of plans for the coming year which included the annual Christmas Party for the club, production of workshop plays, instruction in make-up and round-table discussions with other drama groups in the area.

Progress reports were given by the various committee chairmen for the play Ramshackle Inn which is now in rehearsal for production Friday evening, December 3rd at the Campbell Union High School auditorium. Ethan Lanphear and Ernie Leick are designing the set which has been a challenge to their ingenuity in that it involves the construction of many doors and a large wall safe necessary to the plot and suspense of the play.

Tickets are now available through the following groups: Rosemary Home and School Club; Cub Scout Pack No. 74; Moorpark P. T. A.; Campbell High Faculty Wives Club; and the French Club, Junior Red Cross and Typing Club of the Campbell High School. Members and friends of these organizations are urged to support sale of tickets for their groups as each club receives 50% of each ticket sold.

All three-act plays presented by Footlighters have been produced for the benefit of youth organizations in the Campbell area.

Dean Chamberlin reported good progress on rehearsals of the play. The cast is prepared to give Campbell a good show consisting of just the right amounts of comedy, mystery and suspense in the story of "Ramshackle Inn".

JOB IS OPEN FOR CANNERY FOREMAN

A state civil service examination is slated for December 11 for cannery formean to work at the two state prisons to pay $341 to $415 per month. Applications may be made to November 19th.

Another examination will be for narcotics inspectors in San Francisco and Los Angeles areas paying $376 with raises to $415. Extensive traveling is required. Two years experience in law enforcement or investigation with enforcement agency is required, but two years college education may be substituted for one year of experience.

Feelers Put Out For Annexation Move

(Continued from page 1)

for big parks, and spending its gas tax monies on underpasses but has used it for developing a system of road maintenance. He said we have sound, basic municipal services at the low tax rate of 71c per $100 of assessed valuation, and that before incorporation our fire district tax alone was 38c which we do not now pay.

"To be a part of a big city you have to pay for it, to be without self governing and immediate services you may remain unincorporated, but if you want the medium between with sound basic services without the frills yet with the lowest tax cost and a suburban environment, then we offer Campbell", he said.

Campbell has not been aggressive in annexations. Our policy has been for areas to petition us and let us consider their needs and problems. In two years we have had fourteen annexations and another is waiting to be processed.

"Campbell has no desire to gobble you up but if you want to join us we'll hear your petition", he added.

Councilman Chargin reviewed the growth of Campbell, saying the four annexations completed since he became a member of the council have been sought by the applicants, and that Campbell has not indulged in strip annexing. Pierce Davies said the San Jose tax rate of $1.40 is fixed by City charter and can only be increased by charter amendment. Other rates are fixed by County Board. He said by annexing to San Jose the area would save .297 Central Fire district, .254 Quito Lighting, .047 Sanitation District 4 and .035 county library taxes, total of .633, so increase after annexation would be .767 per $100 valuation.

From the floor someone asked to compute tax on a home assessed at $3,000, Davies quoting $23.01 for San Jose, Mayor Morton quoting $21 for Campbell.

Harold Evans, 972 Moreland Way, employe of San Jose fire department spoke strongly for annexing to San Jose. Fred Locke of 17950 Los Olivos Drive indicated a preference for Campbell when a preference for Campbell when the area was ready citing communchurches and schools as factors. He said Moreland is eight miles from the center of San Jose, and three miles from the center of Campbell.

Davies said the construction of the sewage disposal plant at San Jose would be a help to Moreland if annexed as they would not face a bond issue, but Morton replied that the $400,000 bond issue was voted two years ago for Sanitation District No. 4 which Moreland already is a part of and the district will share cost of the plant and of its operation.

Karl Belzer, county planning commission member, representing unincorporated Santa Clara County, said he had no gifts to offer other than the services already being rendered, and that you don't get something for nothing today.

Engineers' Group Issues Magazine Published Here

The October issue of Tool Check, a magazine of the Santa Clara Valley No. 98 of American Society of Tool Engineers, marke the first anniversary of the publication, edited by Alan G. Dimond of Appleblossom Lane, Los Gatos and published at 21 Dillon Avenue, Campbell.

The third annual ladies night of Chapter 98 of this group is to be held at Lou's Village tomorrow evening with William Wright of Westinghouse Electric plant in charge.
